

To Whom It May Concern,

I was told to write a letter about the localization of media for a class of mine at Ball State University. I really do not have an idea to write about this subject. I am sorry I have wasted your time and resources that could have been put to better use with real concerns such as large corporations trying to monopolize the communications industry and other media affiliates. I will let you get back to your real work.

Thank You,

Aaron M. Nowak
Telecommunications Major
